Daly City Record

DALY CITY, SAN MATEO COUNTY, CALIF., THURSDAY, JANUARY 13, 1949

VOL. 45, NUMBER 50

ABANDONMENT OF INTERURBAN TROLLEY - BUS SERVICE ON FOURTEEN LINE - STARTS SUNDAY

BUSES TO REPLACE No. 14 TROLLEYS STARTING SUNDAY

There'll be no street cars on Mission street, starting Sunday morning.

The famous old No. 14 trolleys, which have rolled for decades between Daly City and San Francisco, make their last run on Saturday. The aged vehicles will be scrapped and replaced with motor buses, starting Sunday.

Instead of switching back at Knowles and Mission, the buses will come out Mission and turn into San Jose avenue at the Bank of America. They will then proceed down San Jose avenue to Flournoy, over Flournoy to Mission and follow that route downtown.

People living south of the top of the hill will be able to transfer to the No. 26 buses, which terminate in Broadmoor Village.

The number 14 buses will operate on a 27½-minute schedule to Fifth and Market streets, and on a 37-minute schedule to the Ferry Building.

With a bus every six minutes, the 14 line will run express from Crescent and Mission to 11th street, with stops at 24th and 16th for transfer points. The buses will travel on Dolores and Guerrero streets for the express portion of the route. Travelers wishing to visit the Mission district will have to transfer at Crescent, 24th or 16th.

In addition to the buses for the 14 line, five new coaches will be added to the number 26 line, bringing the total on that route to 19 buses. Municipal railway officials expected that these additions would provide greatly increased service.

Officer Savage Recovering, May Go Home Next Week

Police Officer George Savage, 39, who landed in the Junipero Serra hospital after suffering a heart attack last week, was "a little bit better" Wednesday afternoon and was tentatively slated to go home next week, according to Dorothy Kinnaman, nurse at the hospital.

Officer Savage had been working as early morning desk clerk at the police department. He suffered the attack just after he finished work last week.

Mrs. Hanrahan Is Appointed To County Post

County Executive Frederick Peterson this week announced he will appoint Mrs. Marjory J. Hanrahan, women's club leader of Broadmoor Village, to the county recreation commission.

The executive had withdrawn his previous nomination of David McCullough of San Mateo for the job. Peterson said he will not retain Mrs. Sophie Root and L. Herbert Harris, both of Burlingame. Hanrahan is a long-time holdover member whom Peterson wants to replace with Charles H. Whitney and Mrs. Hanrahan.

City Used 1569 Gallons Of Gas Last Month

Gasoline consumption by city vehicles was 1569 gallons for the month of December 1948, according to a report submitted January 6 to the Board of Councilmen by A. J. Bodien, superintendent of the water works.

More than 15,000 miles were chalked up during the same period and 110 quarts of oil were used.

The police department led other city departments with a total of 870 gallons of gas used, 54 quarts of oil, and 10,209 miles.

Water and street departments came in second, with the water works using 234 gallons of gas and eight quarts of oil and the street department 235 gallons of gas and seven quarts of oil. Water works vehicles drove 1,728 miles and street department vehicles drove 1,573 miles.

Following are the figures for other city departments: Pound, 101 gallons gasoline, two quarts oil, 752 miles; fire department, 58 gallons gasoline, 39 quarts oil, no mileage figures available; park lawnmower, 20 gallons gasoline; ambulance, 21 gallons gasoline; city garage, 30 gallons.

Old Timer Claims No. 40 Line Can Be Improved To Provide Rapid Transit

(The people of northern San Mateo county face the abandonment of the No. 40 interurban street car line with mixed emotions. Some, like the writer of this article, believe it should be maintained, with improvements, of course. The writer, a veteran resident of Daly City, prefers to remain anonymous.)

By The Old Timer

Recent articles in The Daly City Record carried news of the abandonment of the No. 40 line in San Mateo county.

That this is a great mistake is the opinion of many people who have lived on this peninsula for many years.

For the past twenty years, service rendered on this line has been so unreliable that commuters have been forced to patronize trains, buses, or drive their own cars for transportation to San Francisco. They feel that this line has never been given a fair chance to prove whether it could be made to pay.

Many of the old-time conductors and motormen on this line feel that this system could be made to pay if proper service was rendered to the traveling public. Many feel that this line could be made into a very profitable investment, at nominal cost.

They believe that, by routing the system through Twin Peaks tunnel to Van Ness avenue south, and looping around the same course as the No. 26 buses, taking back on Market street, rapid transportation could be furnished without creating a traffic snarl in that vicinity.

It would require about twenty modern cars similar to those used on the east-bay Key System to furnish this transportation. By coupling two cars together at the peak hours, and running on a five-minute headway, transportation in this direction would no longer be a problem.

This service would not only serve the vast population of northern San Mateo county, but West Portal and all of the new subdivisions east and west of Junipero Serra boulevard.

Travel comfort should be our aim and purpose in these modern times. Good transportation would eliminate thousands of automobiles from the streets and garages in San Francisco, and help conserve petroleum products which are now being wasted extravagantly.

The ever-increasing automobile traffic and parking space required in San Francisco have created a problem which challenges experts. There is perhaps more thought given to the effects than to the cause of this problem.

Recently one of our interested public officials gave a lengthy talk on this subject and one of his most interesting remarks was this: THE AVERAGE AUTOMOBILE DRIVER INTO SAN FRANCISCO CARRIES ONE AND EIGHTY-THREE PASSENGERS. This is something to think about.

The majority of people living "down the peninsula" dread the thought of driving into the city; not only do they dread the traffic, but it is almost impossible to find a parking space near their destination. They are forced to cruise around for block after block, burning gasoline unnecessarily.

It might be mentioned that the exhaust gases which pollute the city's traffic-clogged streets are not conducive to good health. This could be responsible for "smog," which, in some cities, has resulted in death to some people.

The answer to the problem lies in its cause: inadequate transportation facilities which will afford comfort and reliable schedules will keep thousands of automobiles off the streets of San Francisco.

The old 40 line operating to San Mateo hasn't furnished reliable service for twenty-five years and its equipment has been allowed to become totally obsolete. We are told that the line will be abandoned as it is losing \$280 a day.

For a nominal cost, this road could be the means of an answer to a big part of San Francisco's traffic problem. The cost of an improved road bed and about twenty-two train cars similar to those used by the Key System would not be prohibitive.

By linking two or three of these cars together and routing them through Twin Peaks tunnel to South Van Ness, looping around Otis street to Duboce, and back to Market street, ideal rapid transportation facilities would result for those living west and south of Twin Peaks as well as the forgotten residents on the peninsula.

Employment Agency Is New Venture in Daly City

An application to conduct an employment agency in Daly City, at 7108 Mission street, was approved by the city council Monday night.

Mrs. R. Van Over, 205 Woodrow street, requested approval of the new enterprise, which will be known as "Daly City Employment Agency."

Persons in need of a job, or those looking for an employee, should take note.

Interurban Street Car Line Has Last Run On Saturday

If you aren't doing anything Saturday, you might take a ride on the No. 40 street car, which runs between Daly City and San Mateo. It will be your last chance to do so.

Starting Sunday morning, January 16, the 40 trolley service will be abandoned. San Francisco municipal railway officials have announced that the line, which has been operating at a loss, will be scrapped. Peninsula communities, who have recommended that the 40 line right of way between the cemeteries and Burlingame be converted to a highway arterial, have still not agreed on final plans for the abandoned right of way.

Abandonment of the line will leave Pacific Greyhound Lines as the only scheduled means of transportation between Daly City and the peninsula.

Students living in San Bruno, Millbrae and Loma Park, who have been attending San Mateo and Burlingame high schools, started using Southern Pacific trains, in lieu of the street cars, last Monday. Of approximately 600 students involved, 292 will be able to walk to the Burlingame high school from the Burlingame station.

The new train arrangements, effective Monday, were announced last week by trustees of the San Mateo high school district.

The historic interurban run, which has given uninterrupted service on Mission street for decades, will leave a gap in transportation facilities from San Francisco southward. Street car tracks on Mission street will undoubtedly be torn up shortly after the service is discontinued.

LIONS CLUB PLAN LADIES NIGHT WITH VALENTINE MOTIF

Eddie DeVincenzi, Lion member from Cypress Lawn Cemetery, was the guest speaker at Wednesday's meeting of the Daly City-Columbus Club. A question and answer forum on the cemetery business was held.

The group is planning a ladies night February 14 which will include a dinner dance with a Valentine motif. In charge of arrangements are Grant H. Williams, Joe Belli, and John Grady.

Ducks And Geese Fall To Prowess Of Local Hunters Since New Year's Day

Daly City Rod and Gunners have been busy since New Year's Day out in the rice fields and swamps. The late duck and goose season has been a good one.

Leonard Mohja connected with some nice geese near Frank's Tract last week. He has been hunting every week end since the season opened.

Argie Garner came home with two nice "speckled bellies" and reported some hunters in the area where he shot were in need of anti-aircraft guns. They were trying to hit birds 300 feet high and higher.

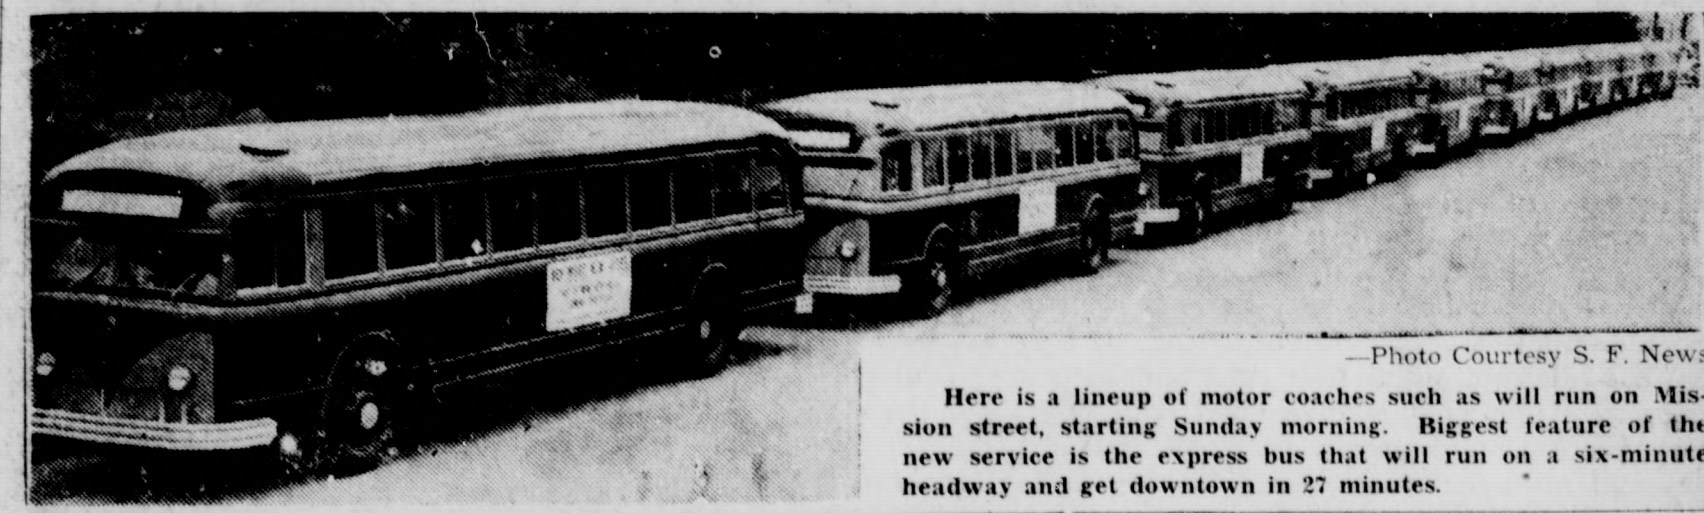

George Archer and Jimmy Fox spent last Sunday west of Maxwell hunting geese. They asked permission to hunt on a sheep ranch and were pleased to find the ranchers very hospitable. On the fence along the road were hanging the carcasses of 18 bobcats and coyotes. The rancher told the boys to go out to a barley field near the hills, and when they arrived there were hundreds of geese there. After an hour and a half of stalking the wary birds, they (the hunters, that is) got some shooting. George fired and only came close and the birds all flew up at once. Right over Fox, they came, all eight or nine of them. Jim got in three shots and four geese came tumbling down. Not wanting to spoil the luck they packed up and came home. Two five-pound geese each is plenty for these sportsmen. Most of the Rod and Gunners are satisfied with a small amount of game after a nice outing. It's the fresh air and good healthy sport that's the big attraction.

Gene Winnen spent the closing day of the season at Los Banos and was very lucky. He got four geese and a limit of ducks.

THE OLD AND THE NEW—Side by side, a new speedy motor coach and an old streetcar exemplify the change that will be made Sunday morning, when Daly City will get buses on the No. 14 Municipal Railway line instead of the historic old trolleys that have served heretofore.

NEW NO. 14 MOTOR COACHES PASS IN REVIEW

Here is a lineup of motor coaches such as will run on Mission street, starting Sunday morning. Biggest feature of the new service is the express bus that will run on a six-minute headway and get downtown in 27 minutes.

BORDSON TAKES OVER AS NEW POUND MASTER

Dogs, take notice!

There's a new poundmaster in Daly City.

The resignation of Andy Conaty, who has held the job for several months, was accepted by the city council Monday night. Conaty resigned for reasons of health, which require him to move to a different climate.

Peter Bordson, high man on the civil service list of eligibles, was appointed to replace Conaty.

Two New Teachers, Gardener Join Jeff High School Staff

Two new teachers and a gardener have been added to the staff of the Jefferson Union High School, according to Stanford Hannah, principal of the school.

Miss Virginia Parent is the new girls' physical education teacher, replacing Mrs. Jean Dieckmann, who recently resigned. Miss Parent, whose home is in Oakland, is a University of California graduate.

Teaching social studies and U. S. history will be Ernest Hiberna of San Francisco. Hiberna is a graduate of San Jose State and the University of San Francisco. A veteran with 32 months service in the U. S. Marines, he is married and has one daughter.

The new gardener at the school is Steve Flynn. Flynn has had 18 years experience as a gardener.

At a meeting of the school board Tuesday evening, a military leave for John Matthews was approved. Matthews, a lieutenant commander, is stationed at a submarine base in Portland.

The school board also approved a \$13,000 allowance for protective sports equipment.

Population Soars! Garden Valley Adds 12

Four times three is twelve.

And that's the number by which the population of Daly City was increased with the annexation of Garden Valley, south of Market street, recently. Approximately 100 new homes will be built in the area during 1949.

The State Department of Public Works, in computing cities' participation in state funds on a per capita basis, figures three persons for each registered voter. There were four registered voters in the recently-annexed territory.

Drunk Driving Case Comes Up Thursday

William Allen, 34, of 519 Nevada street, San Francisco, was arrested this week by state highway patrolmen on a charge of drunk driving after his car had allegedly forced another over the double line on Junipero Serra boulevard at Colma.

Released on \$100 bail, Allen is to appear before Justice John Fahey on January 13.

TWO TRAFFIC FATALITIES, 355 ACCIDENTS, IN 1948

Brunswick Street, Traffic Signals, Occupy Council

A resolution declaring Brunswick street a "major city street" was the main item of business at the first 1949 meeting of the city council Monday night at the city hall. The council intends to acquire land in the Hillside quarry in order to extend Brunswick street through to Hillside boulevard, and by declaring it a "major city street" to use State gas tax monies to finance the project.

An ordinance prohibiting the operation of "self service" gas stations in the city was also approved. The ordinance becomes effective in thirty days.

The council, egged on by a request from the Garden Village Property Owners Association, directed City Engineer R. A. Klassen to make a report on the status of traffic control signals on Junipero Serra boulevard at School street. The council approved this project and appropriated funds months ago, but actual installation has been delayed in the office of Joint Highway District No. 10 engineers.

In other actions, the council appointed Peter Bordson as poundmaster, to fill a vacancy created by the resignation of Andrew Conaty. Bordson was the top man on the civil service eligible list.

Cancellation of delinquent taxes on tax sale lots owned by Thomas Callan was accomplished by resolution, also.

After discussion, the civil service board of review was requested to classify positions in the building inspection department, as the first step in creating an eligible list for the position of building inspector.

Quarry Crusher Is Burned To Make Way For Progress

One of the oldest landmarks in the city, the crusher building in the Hillside quarry, went the way of all flesh today when it was put to the torch to make way for development in the area. Machinery had been removed before the structure was ignited.

The blaze at the heavily-timbered plant attracted spectators all day, as clouds of smoke billowed out of the quarry.

Police reported a record number of phone calls ringing in the alarm, but the fire was very much under control. Volunteer fire department officials took precautionary steps to keep the blaze under surveillance.

Despite the fact that the crusher contained a house of 12 feet of heavy 12 by 12 timbers, H. H. Smith, owner of the quarry, said that salvage work would have been too expensive, and burning was the best means of razing the structure.

Mme. Lombard Sells Cleaning Business

Retiring after 38 years of business in Daly City is Mme. Victorine Lombard who recently sold her cleaning establishment at 6556 Mission street to Mrs. Louis Verville.

Madame Lombard started the first cleaning business in Daly City 38 years ago. Nine years later she entered the candy business and in 1923 started a notions store next to the present location of the Daly City Coffee Shop.

Sixteen years ago she started her cleaning establishment again and moved to its present location two years later.

A resident of Daly City for 40 years, Madame Lombard is at present living at 176 Los Banos avenue where her son and daughter-in-law, Mr. and Mrs. Horace Fellows, and two grandchildren, also live.

The new owner of the store, Mrs. Louis Verville, has lived in Daly City for the past four years.

DALY CITY FIRE LOSS \$28,900 FOR YEAR 1948

Property worth \$28,900 went up in smoke in Daly City during 1948, according to the annual report from Fire Chief J. E. Kennedy.

Most notable of the fires was the blaze which destroyed Burk's Tire Shop at 6728 Mission street and heavily damaged the two business houses adjoining, Jones Sheet Metal shop and the Trading Post. Damage amounted to \$25,000. The fire occurred October 22.

Earlier in the year, fire caused by a smoldering cigarette resulted in damages of \$1,000 to the home of Mr. and Mrs. James Whitaker, 183 East Vista avenue.

During the year the department answered 145 alarms, according to the report. Nine were still alarms, 30 were taken by phone and relayed by the police and 115 were pulled in street boxes. Causes of the alarms are as follows:

False alarms, 41; grass fires, 37; house fires, 21; auto fires, 10; rubbish fires, 6; furniture fires, 4; gasoline fires, 3; barn fires, 2; automobile wrecks, 2; fire alarm line break, 2.

Other causes included scavenger truck fire, electric motor fire, trailer fire, hog ranch and gas stove fire.

Only two traffic fatalities occurred in incorporated Daly City during 1948 according to the latest traffic report as given by Chief W. W. Sunderland. The death rate was one less than last year.

Reported accidents, including everything from bent fenders to real smash-ups, totaled 355. The breakdown of types of accidents, with the total for each, is as follows:

Auto accident, no injuries, 222.

Auto accident, personal injury, 53.

Auto pedestrian accident, fatal, 1.

Auto accident, only one car, 1.

Auto pedestrian accident, personal injury, 16.

Auto - street car or bus accident, no injuries, 14.

Auto - street car or bus, personal injury, 5.

Auto accident, property damage other than auto, 26.

Auto accident involving bicycles, tricycles or scooters, personal injury, 12.

Street car - pedestrian accident, personal injury, 1.

Auto - motorcycle accident, 4.

The traffic summary does not include accidents in the recently incorporated area of Daly City.

BOY BURGLAR NABBED

A 15-year-old burglar who climbed over a 12-foot wall and escaped from the county's new juvenile hall, Hillcrest, has been arrested at Salinas, according to the sheriff's office. The boy formerly lived in Daly City.

Deputies said he was implicated in a burglary at Salinas. Disposition of his case is up to juvenile authorities.

NEW NO. 14 BUS ROUTE SCHEDULE

Effective Sunday, January 16, motor coaches on the number 14 line, serving Daly City and the cemeteries, will operate on the following schedules, according to D. C. Ormsby, superintendent of transportation for the San Francisco municipal railway:

Sundays

FROM CEMETERIES

From Holy Cross Cemetery to the Ferry Building, running local on Mission street, coaches will operate from 6 a. m. to 6:20 p. m. Buses will run every 30 minutes until 10:20 a. m., thereafter at 10 minute intervals.

FROM DALY CITY

From San Jose and Mission to the Ferry Building running local on Mission street, coaches will operate from 5:08 a. m. until 1:08 a. m. the following day. Owl service will be maintained at 30 minute intervals between 1:23 a. m. and 5 a. m.

Week Days

FROM CEMETERIES

From 5:51 a. m. to 6:16 p. m. certain coaches will operate from Holy Cross cemetery. Service will be maintained at frequent intervals.

FROM DALY CITY

All coaches leaving Daly City (Mission street and San Jose avenue) between 6 a. m. and 5:30 p. m. will run local on Mission street between Daly City and Crescent Ave.

From Richland Ave. and Mission St., these coaches will be operated as Express coaches over a new Express route via Mission, Randall, Dolores, Duncan, Guerrero, 14th st. and Mission to Eleventh st. From 11th and Mission sts. they will run local to the Ferry Building during the A. M. and P. M. peak periods.

From 9 a. m. until 4 p. m. the San Francisco terminal will be at 5th and Mission streets, instead of the Ferry Building.

In the Express area, stops will be made at 24th street and 16th street to unload passengers, on Guerrero street.

From Daly City after 5:32 p. m. until 6 a. m. and from the Ferry Building after 6:08 p. m. until 6:16 a. m., including Owl service, coaches will operate as locals between Daly City and the Ferry Building via Mission street.

Saturdays

Commencing Saturday, January 22, service will be the same as on weekdays, except that Express service will operate all day, 9:07 a. m. to 4:59 p. m., between Daly City and Fifth and Mission streets.

Before 9:07 a. m. and after 5:02 p. m. the No. 14 line will run local on Mission street between Daly City and the Ferry Building.

Certain coaches will service Holy Cross cemetery.

Running time between 7 a. m. and 6 p. m. will be 29½ minutes between Daly City and 5th and Mission streets; 37 minutes between Daly City and the Ferry Building.

Between 6 and 7 a. m. and 6 to 11 p. m., running time will be 27 minutes from Daly City to 5th and Mission; 33½ minutes to the Ferry Building.

On the Owl run, between 11 p. m. and 6 a. m., running time will be 25 minutes from Daly City to 5th and Mission; 31 minutes to the Ferry Building.

NO. 26 BUS LINE

effective Monday, January 17, the Number 26 line will operate as an Express during the morning and evening peak hours, Monday through Friday only.

The Express route will be from San Jose avenue and Bernal avenue, over Bernal avenue, Dolores street, Duncan street, Guerrero street to 14th street. Stops for passenger interchange will be made on Guerrero street at 24th street and 16th street.

TRANSFERS BETWEEN NO. 14 AND 26 LINES AT DALY CITY WILL BE HONORED.

ETERNAL REVENUE

If you feel somebody looking over your shoulder it's probably Uncle Sam. And the old boy is probably looking for money — your money. If you're one of those individuals who (a) didn't have any tax withheld from your 1943 income, or (b) had some but not all your tax withheld, or (c) received more than \$100 from sources other than wages last year, then you're one of those who must make the fourth quarterly payment not later than January 15 on your 1943 income. Don't forget it, Uncle won't.

If you underestimated the amount of your tax for 1943 be sure to file an amended declaration along with your January 15th payment. Otherwise the law says you'll pay a penalty if you've underestimated by more than 20 per cent. So, brothers, step up and pay your taxes with a smile — or, at least, step up and pay your taxes.

WELL SAID

President Truman wants Congress to levy about \$4 billion in additional taxes this year. But the lawmakers aren't likely to grant his request if most of them feel like Representative Doughton of North Carolina. Said he, "The country will not look very favorably on increased taxes until the people are convinced we are not wasting money." After hearing a few of the preliminary reports from the Hoover Commission most Americans are convinced that plenty is being wasted.

The President talked about many things in his "State of the Union" address to Congress, but economy was not one of them. We can fully agree with his desire to keep the budget in balance but we think greater effort must be made in Washington to spend less rather than to collect more. If money is going to be wasted the taxpayer would get more pleasure out of wasting it on himself.

NAZI LOOT

Did you lose any old masterpieces, jewelry, locomotives, sewing machine needles or other items which could have found their way into Nazi hands during the war? If so, you had better check with American occupation authorities in Germany. The job over there of finding the rightful owners to hundreds of millions of dollars worth of loot which Hitler and his pals gathered during their "excursions" into other countries is now nearing completion — at least, as far as the Americans are concerned.

The past three years have been spent by a group of our experts in sorting out, cataloging and returning tens of thousands of things. The British have also been quite busy along this line, the French less so, and the Russians? They just don't bother with things like that, feeling evidently that it is much better to receive than to give.

DEEP CHANGE

There's a revolution going on in the coal pits. It's being led by a "mechanical miner" which turns out as much coal in minutes as an experienced worker can produce in a day. In a few years there may be only five per cent of the present half-million miners still on the job. But they'll be able to turn out 20 times as much coal as is now being produced.

Some of the results of this drastic change in the coal mining business are not hard to see. Miners are going to be in somewhat the same position musicians were when mechanical music took over in a big way years ago. On the other hand, one of the advantages of new mining machinery is that it will probably cut the cost of coal in half.

This should not only make it cheaper for home furnaces but should also help cut industrial costs and thereby bring lower prices on many items in common use.

Notes From The Wood. Wilson P.T.A.

PLAN BAZAAR

Preliminary plans for the Woodrow Wilson P.T.A. bazaar were made Friday afternoon, January 7, at 151 San Diego avenue. Hostess was Mrs. John Sorenson.

Those attending were Mesdames Henry Adams, Emil Bertelli, chairman; William Cheatham, Carl Berg, Sanford Larson, John Emerson, J. E. Surber.

ATTENDS MEETING

Mrs. John Sorenson, president of Woodrow Wilson P.T.A. attended the regular presidents' meeting at the Peninsula Avenue School, Burlingame.

EXECUTIVE BOARD MEETING

Mrs. John Sorenson, president of Woodrow Wilson P.T.A. attended the regular presidents' meeting at the Peninsula Avenue School, Burlingame.

Jefferson Union High School P.T.A.

The first P.T.A. presidents' meeting for the new year was held last week in Burlingame at the Peninsula Avenue School and was attended by Mrs. Mildred McGeein, president of the Jefferson high school unit.

The group held their monthly board meeting January 6 at 23 Woodrow street with Mrs. Julia Peterson, Mrs. Ann Ingersoll and Mrs. Byron Jensen as hostesses. The P.T.A. will be hostesses at the Senior Ball, January 14. Those helping will be Mrs. McGeein, Mrs. Olga Bordson, Mrs. Anne Eason, Mrs. Frieda Cady, Mrs. Cathrine Foreman.

El Carmelo Parlor To Install Officers

Installation of officers of El Carmelo Parlor No. 181, NDGW, will be held on Tuesday, January 19, at 10 p.m. at the El Carmelo Parlor, 181 N. G Street. Installing officer will be Ermelia Vincenzini, of South San Francisco. Ceremonies will begin at 8:30 p.m. in the Blue Room of the Masonic temple, 17 Hillcrest drive.

New president-elect is Lorraine Alvi. Other officers include: Ellen Pieri, first vice-president; Madelyn Koskela, second vice-president; Yvonne Marshall, third vice-president; Edna Alvi, marshal; Roberta Romer, inside sentinel; Helene Vallegria, outside sentinel; Anne Biggio, Dorothy Donofrio, Frederica Volkman, trustees; Hattie Kelly, recording secretary; Christine Hulme, financial secretary; Julia Romer, treasurer. Chairman for the evening will be Mrs. Pauline Quirolo.

Mrs. G. J. Sirex, counselor for Woodrow Wilson P.T.A., attended the executive board meeting which was held Tuesday, January 11, at 452 San Diego avenue, with Mrs. J. Haynes serving as hostess and Mrs. L. Cameron and Mrs. Robert Duffy, co-hostesses.

Plans for the bazaar were presented to the group by Mrs. Emil Bertelli, life membership chairman, and Mrs. Henry Adams, historian. The bazaar will be held Saturday, February 26, at the Masonic Temple, 17 Hillcrest drive. Doors will open at 10 a.m. and remain open until midnight. Hot dogs will be sold throughout the day. There will also be a food sale, various booths of amusement such as a fish pond, dart games, and nail driving. A dance will climax the evening.

ROOM MOTHERS

Woodrow Wilson P.T.A. Room Mothers meeting was held Wednesday, January 12, at 439 Willis street, with Mrs. Al North, chairman. Work was started on the making of felt pins to be distributed to class members winning the P.T.A. banner for P.T.A. attendance in respective rooms.

MRS. MILLER CALLS MEETING

Mrs. Emil Miller, parliamentarian for Woodrow Wilson P.T.A. called a meeting which was held Thursday, January 13, at her home, 170 Woodrow street. The purpose of the meeting was to discuss and revise the present existing by-laws for the Woodrow Wilson P.T.A. These revised by-laws will be presented at the regular P.T.A. meeting, Tuesday, January 18. The committee consists of Mesdames John Emerson, William Cheatham, William Hunter, Elmer Hanley.

FIRST MEETING OF YEAR

The unit will hold its first meeting of the new year Tuesday, January 18, at 1:30 p.m. at the administration building, 344 Santa Barbara avenue. Mrs. Manney Johnson and Mrs. Sanford Larson are in charge of the program. Edward Foley, representative of the Social Security Board of San Mateo, will be guest speaker and will outline the benefits of social security and will be willing to answer any and all questions asked from the floor.

DISTRICT MEETING

Mrs. John Sorenson and Mrs. Henry Adams will be delegates sent from the Woodrow Wilson P.T.A. to the next district meeting to be held at the San Mateo Junior College, 124 Baldwin avenue, San Mateo, 10 a.m. Thursday, January 20.

IN THE NEWS

Chevrolet's biggest newspaper advertising campaign will use 5,972 dailies and weeklies to announce new models January 22. Dwarling Toni Banish, here's what 5,972 newspapers look like, each representing an individual publication.

Bethel No. 26 O.J.D. To Install Officers Friday Evening

Installation ceremonies of Bethel No. 26, International Order of Job's Daughters, will be held on Friday evening, January 14, in the Mission Masonic temple, at which time Miss Martha Jacks will be installed as the 46th Honored Queen. The affair will commence at 8 p.m. with Mary Jacks, past honored queen of Bethel No. 183 and sister queen-elect serving as hostess for the evening. Host will be Matrup Jensen, past supreme associate guardian of the order, and past associate guardian of Bethel No. 26.

Installing duties will be performed by Miss Janet Smith, who will retire after having completed a busy and successful term as honored queen. Other installing officers, all of whom are past honored queens of Bethel No. 26, are: Marilyn McDewitt, chaplain; Roberta Baker, recorder; Audrey Bright, junior custodian; Janet Affonso, senior custodian; Emily Powell, reader; Lorraine Junge, flag bearer.

Mrs. Evelyn Busby, director of music for the Bethel, will be the installing musician, and Gail Jacks will be the crown bearer. Mrs. Stella Jensen, past supreme guardian of the order, past grand guardian, and past deputy grand guardian of the State of California, will be retiring as guardian of Bethel No. 26, and Mr. Daniel Smith, associate guardian, will also be leaving.

The following members will be installed to their respective stations: Elaine Plasberg, senior princess; Lucille Forsyth, junior princess; Joan Skinner, guide; Marion Smith, marshal; Joanne Van Vliet, senior custodian; Carol Bacher, junior custodian; Annabelle Glasshoff, outer guard; Louann Morford, inner guard; Dixie Lee Poor, recorder; Virginia Gilbreck, treasurer; Lillian Feibt, chaplain; Inez Kenny, musician; Shirley Combs, librarian; Beverly Heagney, first messenger; Beverly Sullivan, second messenger; Donna Nosenzo, third messenger; Jacqueline Bauman, fourth messenger; Betty Yingling, fifth messenger.

Immediately following the installation there will be dancing.

SPORTSCOPE

By Joe MAHONEY

IRON MEN

BROWN UNIVERSITY'S FAMOUS "IRON MEN" OF 1926, WENT THROUGH THE ENTIRE SEASON UNBEATEN, A PERFECT RECORD MARRED ONLY BY A TIE WITH COLGATE. THE 11 SUPERMEN OF THE FIRST STRING PLAYED WITHOUT SUBSTITUTION AGAINST YALE AND DARTMOUTH!

LORNE CHABOT, FORMER GOALIE FOR THE TORONTO MAPLE LEAFS, SUMMED UP THE DANGERS OF HIS JOB WHEN HE SAID, "I ALWAYS SHAVE JUST BEFORE A HOCKEY GAME. SEEMS I STITCH BETTER WHEN MY SKIN IS SMOOTH!"

TOMMY BURNS, HEAVYWEIGHT CHAMP FROM 1906 TO 1908, HOLDS THE RECORD FOR THE FASTEST KNOCKOUT IN HEAVYWEIGHT HISTORY. HE FLATTENED JIM ROCHE AT DUBLIN IN 1:28 AFTER THE OPENING GONG.

FIGHTING INDIANS LOSE OPENER

Outmaneuvered by a faster, taller team, a spunky Jefferson high basketball squad went down to defeat, 49 to 14, before San Mateo high school last Friday night at San Mateo.

Jim Silacci, forward, helped the Indian varsity get going after a slow start when he made three long baskets in a row in the third quarter. The half-time score had been 21 to 1 in favor of San Mateo.

This was the Indians' first game in the 1949 Peninsula Athletic league competition. Although the local team is still inexperienced, Coach Joe McGrath said that the boys have a lot of spirit and will improve considerably as the season gets underway.

The first chance Daly City people will be able to see the Indians play on their home court will be Tuesday night, February 1, when they will contend with the Palo Alto five in the Jefferson high school gymnasium.

A week from tomorrow they will play Sequoia high at Redwood City and on the following Tuesday they will meet up with the Half Moon Bay squad at Half Moon Bay. Following is the box score, showing points made by each player: JEFFERSON

Silacci, f	8
Lagomarsino, f	0
Gonzales, f	0
Matzek, f	0
Mosman, f	0
Abid, f	2
Selsor, c	2
Rognon, c	0
Dederman, g	0
Woll, g	0
Oleese, g	2
Hartje, g	0
Troche, g	0
TOTAL	14

THE PRELIMINARY Confused by their opponents' expert man-to-man defense, the Indians' 130-pound team lost the preliminary game to the San Mateo 130's by a score of 30 to 12.

A special meeting of the club will be held at 8 p. m. January 26 to make final plans for the whist. All members are urged to attend. A new member, Miss Evelyn Howard, joined the club at the last meeting.

Here is the score on the preliminary:

JEFFERSON	
Daneluz, f	6
Spinetti, f	0
Lemon, c	0
Belli, g	0
Nicolini, g	3
Brown, f	1
Becker, f	2
Tschirgi, f	0
TOTAL	12

Big Bertha

Tony MaGee is six feet two inches tall and spearheads the attack of the "Famous Redheads," girls' basketball team which engages the Jefferson high school faculty here on January 28. The average man is unable to grasp a basketball with one hand as Tony is doing here.

Vikings Make It "Ten In A Row"

The Viking basketball team, which is sponsored by the Viking Sports Center, racked up its tenth straight victory by defeating the highly favored Firemen's Fund team in the A division of the San Francisco Recreation Tournament by a score of 59 to 26 last week.

The high scorer for the Viking squad was Leon Willaford who scored 25 points. Willaford has a 21-point average per game. Jack Byrne was next in line with 13 points, and Harry Dederman of Daly City tanked 12 points for the victors.

John Rerecich, a Daly City boy, who plays on the Viking squad, has been drafted, leaving the forward spot open. John has been a leader and steady scorer for his team. His absence will be a great loss to the Viking squad.

Pos.	G.	F.	T.	Tot.
Willaford	8	9	25	
Byrne	5	3	13	
Dederman, H.	4	4	12	
Dederman, J.	1	1	3	
Gustafson	1	0	2	
Roney	2	0	4	
TOTAL	42	17	59	

Local Girl Scout Association Will Hold Election Soon

The Daly City Girl Scout Association will hold their annual election of officers at their meeting at 8 p. m. January 27 at 101 Parkview avenue.

Four women from Daly City are attending a series of four lessons in senior leaders training held Tuesday evenings at the Episcopal Church in Burlingame. They are Mrs. Thelma Hamilton, Mrs. Ethel Proschold, Mrs. Frieda Cody and Mrs. William Mills. The first meeting was held January 11.

Attend Dinner Conference In S.F.

Eleanor Hatt, of Old Glory Auxiliary No. 2044, VFW, attended a dinner-conference in honor of National Commander Allan P. Beggs, on Saturday, January 8. The affair was held at the Whitcomb hotel.

On Sunday, January 9, she attended the 13th district inspection at Tracy. Also attending was Ruby Stroll, state president of the Ladies' auxiliaries.

Three of the juvenile stars included in the cast of "The Search," widely acclaimed motion picture which comes to the Crest Theatre screen Sunday. Paired on the bill will be Greer Garson and Walter Pidgeon in "Julia Misbehaves." Both will enjoy their first-run Daly City showings with Sunday's engagement.

Colma PTA Starts New Year With A Drive For Members

With the Colma PTA beginning the new year with a membership drive, Mrs. Margaret Damon, membership chairman, urges all women of the Colma-Broadmoor district who are interested either in PTA work or children to join. Old as well as new members are asked to attend the monthly meetings so that a wider range of opinion on problems, and support on current issues can be attained. Anyone so interested may contact Mrs. Damon at JUniper 4-5128. The Colma PTA includes the following schools: Jefferson, Jefferson Annex, Thornton, and the Broadmoor Community Center Kindergarten.

Mrs. Dale Stookey, publicity chairman, announced this week that the Sewing and Sunshine Club will be held Tuesday, January 18, at 1:30 in the Colma Community Center building. Mrs. M. Pauline Brown will serve as hostess. Reservations can be made by calling JUniper 7-6246.

Smallest Amazon

"Red" Mason, 5'8", is the smallest member of Olson's "Famous Redheads," girls' basketball team which tangles with the high school faculty on January 28, at the Jefferson gymnasium.

Harold Purser To Head Rod And Gun Club This Year

Pounding the gavel at the meetings of the Daly City Rod and Gun Club this term will be Harold Purser installed as president at installation ceremonies held Saturday evening, January 8, at Lovchen Gardens in Colma. Dual masters of ceremonies at this second annual installation banquet were Al Speers and Jimmy Fox.

Installing officer was Arthur J. Bodien with the following members installed to their posts: Harold Purser, president; Louis Reed, vice president; Harold Pearlman, treasurer; Earl Prigmore, secretary; John Grunberg, sergeant-at-arms; Ed Nenstiel, Hal Hanen and George Scally, board of directors.

A presentation of a gold engraved Parker pen and pencil set was made to retiring Chairman Ed Nenstiel. To Harold Pearlman went a new salt water reel for winning the magazine contest. John Grunberg was awarded a two-man Arctic tent for the largest deer head this year, and a check was received by Percy Smith for catching the largest tripped bass.

The 1949 membership drive is now on and any interested persons can call Jimmy Fox at DElaware 3-7222 for any information. The next meeting will be held on Wednesday, January 26, at the fire house on Bellvue avenue.

Casting tournaments, deep sea fishing and bass trips, steel head fishing, picnic and rifle matches are all being planned NOW; so old and new members are urged to attend the meetings and join in on the fun.

Marriage Licenses

Issued recently for Sam Silvestro, 22, 43 Vesta St., and Doris Yonguet, 16, 177 Goethe street. Earl E. Jolley, 29, Daly City, and Emily Jean Gardner, 25, San Mateo.

Lorenzo Gotelli

Funeral services for Lorenzo Gotelli, former Colma resident, were held at Holy Angels Church, Colma, last Saturday. Mr. Gotelli died Thursday, January 6, in San Francisco, where he had been living for several years.

A native of Italy, Gotelli had been a farmer in Colma before he moved to San Francisco. He was about 83 years old.

He leaves four children, Frank, Victor, and Theodore Gotelli, and Mrs. Madelena De Lucchi of Santa Rosa. His wife Rose had died before him. Interment was at Holy Cross Cemetery.

In Berlin Love Triangle

Former paratrooper Edward J. Lada, 28, of Newark, N. J., hitchhiked through Berlin's blockade to see his girl friend, Ruth Rieck, 21, right, and their illegitimate child, Nancy, 2. On his arrival, U. S. military authorities locked him up for illegal entry of the occupied zone. To further complicate matters, a second German fraulein appealed for Lada's affections. One day, Lada said he wanted to marry Ruth, the next day the other fraulein. Recently, however, he has said he wouldn't leave Germany without Ruth and their baby.

Daly City Sportswomen Plan Whist January 28

Members of the Daly City Sportswomen's Club met Wednesday evening in the home of their president, Mrs. M. E. Nenstiel, 209a Irvington street. Plans were made for the coming whist party which will be held January 28 at 8 p. m. in the Masonic Temple.

A special meeting of the club will be held at 8 p. m. January 26 to make final plans for the whist. All members are urged to attend. A new member, Miss Evelyn Howard, joined the club at the last meeting.

these dark Winter days

You will be needing more and better lighting during the next few months as days are shorter and darkness comes much earlier. Then too, with wintry cold and rain "weathering you in," you will be putting your eyes to work catching up on reading, sewing or mending. So be good to your eyes, and light up your home. * * Tonight look around your house. Check up on the lighting. If a new lamp or two are needed, put them to work now. If lamp bulbs are dimmed or darkened with age and use, replace them with bright new bulbs of proper size. * * Good lighting is inexpensive. Use Better Light to make your home more cheerful as well as more comforting to your eyes.

WHEN you see the 1949 Chevrolets, a glance will be enough to tell you they're new—all new—in line and contour, in beauty and style. And when you look inside, and under the hood, and beneath the chassis, you'll see that their newness is not merely in outward appearance, but in design and engineering and construction as well.

But, to a lot of people, the 1949 Chevrolet is already old. They know what it will do, and how exceedingly well it will do it—they know all about its performance, its comfort, its power, safety, durability and

economy. They are the engineers and technicians of the General Motors Proving Ground—the largest, most completely equipped, outdoor testing laboratory in the automobile world.

Here, before a single new 1949 Chevro-

let went into production, experimental models were tested—made to show that they possess, in greater measure than ever, all those qualities on which Chevrolet has built its leadership.

In short, the General Motors Proving Ground tests are your assurance that your new-model Chevrolet has proved its worth through many months and many, many thousands of miles of rough handling.

Soon you will see the new Chevrolet—and when you do, you will see a car not only new, but tried and true.

American Red Cross "Night Riders" Ready To Aid Distressed Travelers

The "Night Riders" ride again at the American Red Cross Chapter of San Mateo County, where the Volunteer Motor Corps stands ready at all times to aid travelers in distress. The most recent of such travelers helped is Mrs. John Williams, of Abilene, Kansas, who is being treated for multiple sclerosis at the Cabot Kaiser Institute at Vallejo, California.

Mrs. Williams, whose illness prevents her walking unassisted, returned this week from a two-week Christmas visit in Kansas with her husband, a veteran, and her 5 1/2-year-old daughter and 14-month-old son. She was met at the San Francisco Municipal Airport by W. C. Van Beber, a volunteer Night Rider with the American Red Cross Motor Corps, who drove her to Vallejo to continue her treatments.

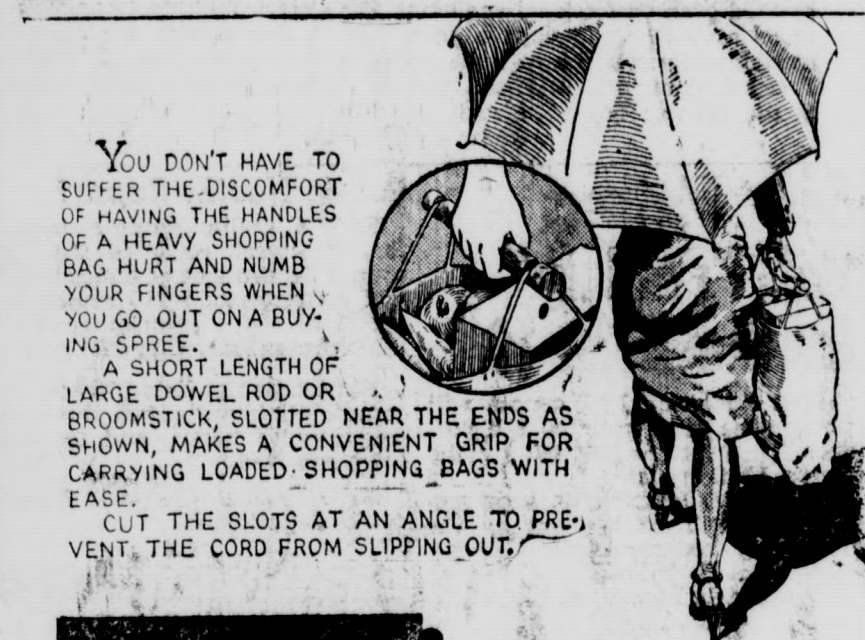

Mr. Van Beber has been active in American Red Cross work since 1942 and is one of the ten business and professional men who make up

the Volunteer Night Riders of the Motor Corps Service, a program carried on in connection with the Home Service Department of the American Red Cross. Daytime services to travelers are made available by the Home Service workers and the twenty women volunteers who make up the American Red Cross Motor Corps.

"Travel aid service has been a definite part of Red Cross services for a number of years," reported Mrs. Constance Cunningham, assistant director of the Home Service Department. "Our service varies from transportation to homes and hospitals, such as that given Mrs. Williams, to taking care of babies and arranging for layovers between planes. We have met Chinese war brides, German war orphans, service wives, children traveling alone, foreigners and blue babies. It is a service that is available night and day to those who need it."

HOW-TO-FIX-IT By TOM GREGOR

Three Delegates From D.C. Attend Auxiliary Meet

Attending the 26th district meeting of American Legion auxiliaries which was held at the Burlingame Legion hall on Tuesday evening, January 11, were three delegates from Daly City's Unit No. 410: Mrs. Lillian Felch, Mrs. Minnie Bernardi, and Mrs. Vivian Fahlka. Also in attendance were Mesdames Agnes Prescott, Olga Bordson, Rose Giorni, Kathleen Matzek, Leslie Hansen, Margaret Kenney, Naomi Murphy, Hilda Prziborowski.

Initiation of new members will take place at the next meeting to be held on January 19. Installation will be performed by the 26th District ritualistic team.

At the last meeting of the auxiliary Mrs. Rose Giorni, child welfare chairman, announced that \$35 had been donated to bring Christmas cheer to a local veteran's family.

OLPH Mothers Club To Meet January 14

The first meeting of 1949 for the Mothers' Club of Our Lady of Perpetual Help school will be held Friday, November 14, at 8:15 p.m. in the school library.

The business meeting will be followed by a social hour. Mrs. Esther Nolan, hospitality chairman, will be assisted by mothers of second grade pupils.

Elizabeth Carroll

Funeral services for Elizabeth Carroll, Daly City resident for the past 12 years, were held at H. F. Suhr Co. on January 3. Mrs. Carroll died from a heart condition on December 30 at her home here.

She leaves her husband, Robert James Carroll, her daughter, Mrs. Jane Cameron, and a brother and two sisters, William McAdam, Mrs. Annie McGovern, and Mrs. Mary Craig. She had two grandchildren, Charles and Nancy Jane Cameron. Mrs. Carroll was laid to rest at Cypress Lawn cemetery January 3. She was a member of Blue Bell Lodge 172.

ZOO'S WHO

A CHIEF DIFFERENCE BETWEEN A CROCODILE AND AN ALLIGATOR IS IN THE SHAPE OF THE HEAD, AND THE MANNER IN WHICH THE TEETH ARE PLACED IN THE LOWER JAW.

CARNITHOLOGISTS HAVE ESTIMATED THAT THE AVERAGE CAT WILL KILL FIFTY BIRDS PER YEAR. (CAT LOVERS DIFFER WITH THIS ESTIMATE)...

ABERDEEN, S.D. WENT WITHOUT A DOG CATCHER, FIFTEEN YEARS AFTER ONE WHO HELD OFFICE RESIGNED BY SAYING, "I'D RATHER BE A DOG THAN A DOG CATCHER..."

Wit Sharpeners

1. How many minutes will it take to cut up a piece of cloth 10 yards long, one yard being cheered off every minute?

2. A snail climbing up a post 10 feet high goes up two feet every day but slips down one foot every night. How many days will it take him to reach the top?

3. If a boy weighs 50 pounds plus half his own weight, how much does he weigh?

4. A man has a window one yard high and one yard wide. Requiring more light, he enlarges the window to twice its former size yet the window is still only one yard high and one yard wide. How did he do it?

5. A man walks around a pole on top of which is a monkey. As the man moves the monkey turns on top of the pole so as to always keep face to face with the man. When the man has gone around the pole, has he, or has he not, gone around the monkey?

ANSWERS

1. Nine minutes. Try it if you like.
2. Nine days. The snail goes the last two feet to the top of the pole and stays there.
3. One hundred pounds. Think it over.
4. The window was diamond-shaped at first, and the man made it a square window.
5. Don't be a monkey. Certainly he has gone around the beast.

Peek at Next Summer's Beach Wear

While Western Airlines stewardess Mary Grace Jafrety, left above, looks approvingly at the latest thing in next year's beach wear, you may look approvingly at the pretty young things in the beach wear. Left to right, they are: Janet Cubbison, Barbara Blakeley and Pat Blakeley. This preview of next summer's sports clothes styles was shown to airline hostesses attending the Tenth Annual Wings Over the Nation meeting at Long Beach, Calif.

Vernengo - Rehe Nuptials

Mr. and Mrs. Frank Rehe Jr. (Doris Vernengo) smile happily as they cut their wedding cake. The couple were married Saturday evening at Our Lady of Perpetual Help Church. Mrs. Rehe is the daughter of Mr. and Mrs. Charles Vernengo, 398 Bellevue avenue. Her husband is the son of Mr. and Mrs. Frank Rehe Sr., 149 Wilson street.

The couple will live at 77 Alexander avenue upon their return from a honeymoon.

Dutch Whist

A white elephant Dutch whist will be held January 17 by Crocker Chapter No. 382, Order of Eastern Star. The affair will begin at 8 p.m. in the Masonic Temple, 17 Hillcrest drive. Helma Jester and the 1949 officers will be in charge.

8:30 p.m.—Regular meeting, Court St. Mary No. 1155, Catholic Daughters of America, Masonic temple, 17 Hillcrest drive.

Miss Doris Vernengo, Frank Rehe Jr. United Sat. in Double Ring Ceremony

An ivory satin wedding gown with a lace yolk and high neckline was worn by Miss Doris Vernengo at her marriage to Frank Rehe Jr., performed January 8 at a 7 o'clock ceremony in Our Lady of Perpetual Help Church. Officiating at the double ring candlelight ceremony was Father Adrian McKenna.

The bride, the daughter of Mr. and Mrs. Charles Vernengo of 398 Bellevue avenue, was given in marriage by her father. Her wedding gown buttoned down the back and had long sleeves trimmed with lace. She wore a long train, a long veil with a crown of orange blossoms and carried a cascade bouquet of white carnations with an inset of dendrobium orchids. For good luck she wore the traditional blue garter worn previously by four of her friends at their weddings.

Matron of honor was Mrs. Richard Little in a wine colored gown. Miss Jo Mallamo in a blue gown was the maid of honor. The bride's small cousin, Miss Carolyn Molino, was the junior bridesmaid and also wore blue. Gowns of the attendants were of velvet and fashioned with drop shoulders and marquisette yokes. They had hopped skirts and bustles. The attendants carried bouquets of yellow roses and wore halos of yellow sweet peas and wore gloves to match their dresses.

The groom, son of Mr. and Mrs. Frank Rehe Sr., 149 Willis street, was attended by his brother, Jack Rehe. Ushers were Richard Little and John Bodmer. All were in full dress.

A reception for 250 guests was held after the ceremony at 337 Bellevue avenue. The bride's mother wore a grey dress and hat, a

'Meaning of Maturity' Topic for Lecturer

Mrs. Bonaro Wilkinson Overstreet, poet, author, lecturer, and psychologist, will speak to the Seventeenth district, California Congress of Parents and Teachers at 10 a.m. January 10 in the San Mateo Junior College auditorium. Her topic will be "The Meaning of Maturity."

Born in California, the speaker graduated from the University of California and taught English for a number of years in Kern County Junior College. Her chief interest and work, however, has been in adult education. Mrs. Overstreet is currently writing a series of articles for the National Parent-Teacher entitled "The High Art of Belonging," and is an advisory editor for the magazine.

Director in charge of the meeting is Mrs. Roland K. Abercrombie, public welfare chairman. The meeting is a half-day session.

green coat and black accessories. Mrs. Rehe wore a royal blue dress and hat with a grey coat and grey accessories.

The new Mrs. Rehe is a graduate of Jefferson Union high school and formerly attended San Mateo Junior college. Her husband, a former student at Balboa high school, has served six years in the U. S. Navy and is now employed in his father's service station.

The couple will make their home at 77 Alexander avenue following a week's honeymoon.

FRANK GARIBALDI TO REPRESENT TAXPAYERS

Frank Garibaldi of Colma was appointed last week as sectional chairman to represent his city in the county's newly-formed Taxpayers' League.

The new league is being organized as a non-profit corporation to obtain "efficiency and economy in the transaction of public business by the various tax-supported agencies," according to a prepared statement from the board of directors.

Members of the newly-elected board of directors include Fred P. Alexander of San Mateo, chairman; Frank Maloney, Burlingame; Joseph Ferrando, Menlo Park; D. R. Godkin, Hillsborough; J. J. Marshall, San Carlos; L. E. Schwab, San Mateo, and T. J. Duffy, San Mateo.

The directors announced the league's intent will be "to inform and educate members of the league and the public generally on questions concerning public funds, and to conduct non-partisan and non-political research regarding phases of local government."

Sectional chairmen, representing each incorporated and unincorporated group in the county will be appointed as soon as individuals can be selected.

F. S. Fenton, of San Mateo, will act as president pro tem, with James O'Gara jr. as attorney and C. W. Witman jr. as certified public accountant.

WELCOME TO DALY CITY

New Families moving into Daly City recently include:

- Barney Rice, 1081 Hanover street.
- Ray Lazzarine, 6204 Mission street.
- William Bump, 183 Winchester street.
- R. J. Rafta, 178 Parkview avenue.
- S. L. Halford, 81 Vale street.
- A. J. Chrystal, 136 Thier street.
- G. Calegari, 268 Hillside boulevard.
- Mrs. M. Nelson, 443 Knowles avenue.
- Robert L. Armstrong, 522 San Diego avenue.
- Samuel Addiego, 142 Abbot street.

Electrifies His Father's Farm

Jimmie Sutherland, 15, above, has developed so many electrical aids for his father's 320-acre farm at Windsor, Mo., that he has amazed even professional engineers. His electric milking techniques alone save 87 work days a year. He is shown with the model electrified farm which he built with a wiring system done to scale. A top student in high school, Jimmie plans to take up engineering at the University of Missouri. He has received a \$200 Westinghouse scholarship.

Serra Mothers Hold "Pot-luck" Luncheon Jan. 19

Mrs. Clarence McDermott will be general chairman for the pot-luck luncheon to be held by the Serra Mothers at one o'clock on Wednesday, January 19. Mrs. McDermott will be assisted by the following freshman room mothers: Mesdames J. Flanagan, J. Sweed, J. Tanner, L. Furrer, K. McAuliffe, and J. Maule.

Entertainment for the afternoon will be piano selections by a student. Following the luncheon there will be a short business meeting presided over by Mrs. John Loretz, president. At that time plans will be made for the annual dessert-bridge party to be held on Monday, February 14, in the school auditorium.

Make your reservations early for the party by phoning Mrs. Marionetti at FI 5-4215 or Mrs. C. Kump at DI 3-5336.

Public Health Report

Fred A. Collins, sanitary inspector, this week reported that the county department of public health and welfare made 119 routine inspections of food and other establishments in Daly City last year.

His report also listed 18 sanitary complaints investigated, three water samples taken, and two dog bites reported.

Dr. Harold D. Choje is director of the department.

COAST'S TELEPHONES DOUBLE IN TEN YEARS

How we've made your telephone a more valuable servant than ever... and a better buy too

2. Our family had to grow to make this gain. In '38 we numbered some 29,000 men and women. Today there are more than double that number... operators, installers, linemen, plant maintenance men... all the people who make telephone service possible. And training them to do their work for the West was a big job in itself.

4. All these new telephones give you more value from your own telephone. You can call more people... more people can get in touch with you. And it keeps right on being a big bargain. Even in these days of higher prices, a few pennies still buy a telephone call.

The Pacific Telephone and Telegraph Company

More than 70,000 people working together to furnish ever-better telephone service to the West

6806 MISSION STREET

Juniper 7-7711

OFF THE BLOTTER . . .

A lady who lives on Hanover street called up the police department and said the house next door was on fire. The police gave the alarm to the fire department and two fire trucks rushed to the scene.

Firemen found a heavy cloud of smoke hanging over the house, which caused the lady to believe the roof was on fire.

"Even so," said one fireman, "It doesn't hurt to call us out if you think there may be a fire. You never know. It's better to check up on it than let a house burn down."

A neat burglar unlocked the rear window of Gino Rossi's house at 198 Castle street last week while nobody was home and walked out with Mrs. Rossi's clothing and jewelry.

The second-story man probably

entered the home sometime between 6:30 and 10:30 in the evening on January 8. He did not dump out the drawers or mess up the place as do most burglars.

Another fictitious check was cashed this week, this time by a man about 30 years old, 6 feet tall, and weighing about 165 pounds.

The check was for \$39.69 and was part payment for merchandise bought at Daly City Poultry Co., 6261 Mission street. The man cashing it signed his name as Clarence R. Pomeroy.

A San Francisco woman arrested here recently, charged with drunken driving, speeding, and driving on the wrong side of the street. Bail was set at \$200, which her

Six Months Old Baby Dies Suddenly

Six-month-old Brian Patrick Lind, son of Mr. and Mrs. John Francis Lind, 215 Marian drive, Sharp Park, died suddenly January 7. Cause of death is not known.

The child became fretful during the day and was taken to a doctor's residence where he died 20 minutes later.

Burial was conducted Saturday by Lasswell and Co. Interment was at Holy Cross Cemetery. The Linds also have a three-year-old daughter.

husband posted.

Edward G. Warren, 160 Chillon street, and Erlend A. Ahlvin, 1351 47th avenue in San Francisco, had a minor automobile accident here on January 8. The accident, between the cars of the two men, resulted only in property damage.

Norman T. Westley, 13, of San Francisco, had his bike stolen from him when he left it in front of the Del Mar Theatre. A Daly City lad found it and turned it in to the police department, and so Norman has his bike back now.

Helen Verville, Byram Paul Antill Wed In Los Angeles

A double ring ceremony in Los Angeles united Miss Helen Joan Verville, daughter of Mr. and Mrs. Louis Verville of 6566 Mission street, and Byram Paul Antill, son of Mr. and Mrs. Roland Antill of 872 Olive avenue, South San Francisco, December 21. The ceremony was performed at 8 o'clock in the Second Presbyterian Church.

For her wedding, the new Mrs. Antill wore a turquoise quilted tulle dress with cap sleeves and a low round neckline. Her corsage was of white orchids.

Maid of honor was Miss Kathleen Antill, sister of the groom, while his brother, Roland Antill performed the best man duties. The maid of honor's dress was of maroon crepe. She wore white roses.

A senior at Jefferson high school, the bride will be graduated in the spring. Her husband, a 1946 graduate of Jefferson, is now serving with the U. S. Marines.

The couple spent their honeymoon in Long Beach.

New Premier

Sun Fo, 53, president of the Legislative Assembly and son of the founder of the Chinese Republic, is the new premier of China. Educated in America, he was authorized to form a war cabinet with broad emergency powers in an attempt to end the government crisis resulting from Communist military advances.

"DEAD SEA OF AMERICA" Mono Lake, located in Mono county and known as the "Dead Sea of America," is reported to be fourteen miles long and ten miles wide. It has no perceptible outlet, its water contains 3 1/2 per cent of solids, is about the same density as the sea, and its temperature remains around 70 degrees from early June to late September.

Something New In Bay City

Something new has been added to San Francisco services — a drive-in teller window at the Bank of California.

For the convenience of its patrons, the bank has installed a drive-in teller window on Halleck street directly behind the main California street entrance of the bank. The bullet-proof cage, with a revolving deposit counter, is open during regular banking hours.

It is believed to be the first such installation on the Coast by a metropolitan bank at its downtown office.

S.F. Parking Fines Pile Up Big Total

December set a new all-time record for traffic violation fines with \$87,697 added to the city's coffers, according to Presiding Judge Herman A. van der Zee.

Traffic court officials announced preliminary figures for the year 1948 indicate a total of \$728,118 was collected from violators of the city's traffic code. In 1947 total fines were \$718,326, when various minimum fines were heavier.

Scientist Claims Earth Is Relatively Unexplored To Date

"The earth is relatively unexplored," said Dr. Louis B. Slichter, professor of geophysics at the University of California at Los Angeles.

Man's knowledge of the earth's surface is just a drop in the terrestrial bucket when compared to what he doesn't know about the ocean, which covers three fourths of the earth, and the vast interior of the earth, Dr. Slichter pointed out. Important and possibly revolutionary evidence about the geological history of this planet is expected from the exploration of the deep ocean floor, only now getting underway.

Baleen, or whalebone, is a horny sieve which hanks from the upper jaw of a right whale like a fringe. It is by means of this baleen that the whale strains its food from a mouthful of sea water. Right whales, members of the whalebone species, have no teeth.

LANDSCAPING ART

By Glenn L. Black
California Association of Landscape Architects

FOUNDATION PLANTINGS

Foundation plantings are defined as those which "tie" buildings to surrounding lawn and yard areas. Generally they comprise plants close to the foundation and low to the ground.

However, this tendency to mass plants about the base of a building is changing with new trends in architectural design, which call for more of the building to show through the plantings. This is due, no doubt, to the fact that structures are being given a lower, more horizontal line, which replaces most foundation unsightliness with a finish of attractive brick, flagstone, veneer, or similar ornamentation.

Other new buildings now employ

DAILY CITY RECORD

plant boxes around portions of the foundation. Plants used there must be of a different nature—usually lower, or trailing in habit, like vines.

Low Growth Below Windows

Nevertheless, the basic principles of foundation planting have not changed. It is still sensible design to specify low growing plants, for instance, beneath windows. This precludes the possibility of the window being obstructed by outstretching branches of foliage. This seems such a logical precaution, yet it is a commonplace failing of most home plantings.

Another principle deals with spacing of foundation plants. Too frequently people, in their anxiety to set off their home with a full-grown landscape planting, place the plants too close together. This

necessitates thinning out later, plus considerable transplanting. Conversely, the plants can be spaced too far apart for practical purposes.

The composition for a good foundation scheme combines tall, medium and short plants. It may include spreading shrubs, upright types and round ones. And it may use "facer" plants in front of some

A so-called "long blast" of a whistle is one which lasts from 10 to 12 seconds.

species which are leggy and open at their base.

Of final importance is the use of plants neat in habit, hardy, and easily maintained. This assures presentable appearances.

Air ducts for ventilating the holds of a vessel are called strakes.

A single turn of line when laid is coiled down is called a "take."

A mark on the side of a merchant ship to indicate allowed loading depths is called a "Plimsoll mark."

pected from the exploration of the deep ocean floor, only now getting underway.

Speaking of current research in the atmosphere, Dr. Slichter noted our interest in the very high atmosphere, the medium for our present communications system and for future rocket travel.

Getting "down to earth" again, Dr. Slichter emphasized our dwindling mineral resources. He pointed out our diminishing lead supply as one example. The cost of lead has jumped from three cents a pound to 22 cents since 1932, and as much lead is being imported as is being produced in the United States.

Commonwealth Club Asks Ballots By Lot

The Commonwealth Club of California has revived its proposal that the numbering of ballot measures be determined by lot. At the present time, the numbering and place of each State measure on the ballot are determined arbitrarily by the Secretary of State.

The Club has analyzed election results of a decade or more and claims to have determined that the lowest-numbered measures averaged several hundred thousand more votes than the highest-numbered measures. In the 1946 election, for example, the first five measures on the ballot averaged nearly 300,000 more votes than the last five.

The alleged tendency of weary voters to vote blindly "no" on measures at the foot of a long list was frequently mentioned to the Club in its researches.

Such serious assertions concerning a vital democratic process are of sufficient importance to warrant careful analysis. If the Club's contentions are borne out, determination of ballot position by lot would certainly seem to be in order.

Scientist Reports On African Natives

Among the primitive Kuan-yama natives living at the foot of the African continent, a man's home is his castle — and what a castle!

The native kraal, as the Kuan-yama home is called, was described by Dr. Edwin M. Loeb, anthropologist who recently returned from Africa where he was a member of the southern section of the University of California African expedition.

tion.

Dr. Loeb said that one man's house is a wooden stockaded dwelling, covering about 64 square yards across. Two thirds of the kraal is devoted to women's headquarters, the remainder being occupied by the kraal head or husband and a constant stream of visitors. On the outside edges are cattle and herds-boys quarters.

The four to 30 wives are classified by the husband into three groups, each housed separately.

The first (best) wives' section is the hostess group; the women therein are in charge of the beer.

The second wives' section contains the cooks, who take care of the meat, milk and porridge. The third wives' section is in charge of housekeeping, and also holds sway over the beans and native cabbage.

Dr. Loeb said the kraal head has a creamery, butchery, and a brewery. The wives must feed the kraal head, his servants, followers and guests before they are permitted

DRIVING VISIBILITY

One out of five fatal traffic accidents occurs because of poor driving visibility, warns the public safety department of the National Automobile Club. Weather is here to blur your windshield and cloud the highway, so drive with special care and always keep your windshield clear.

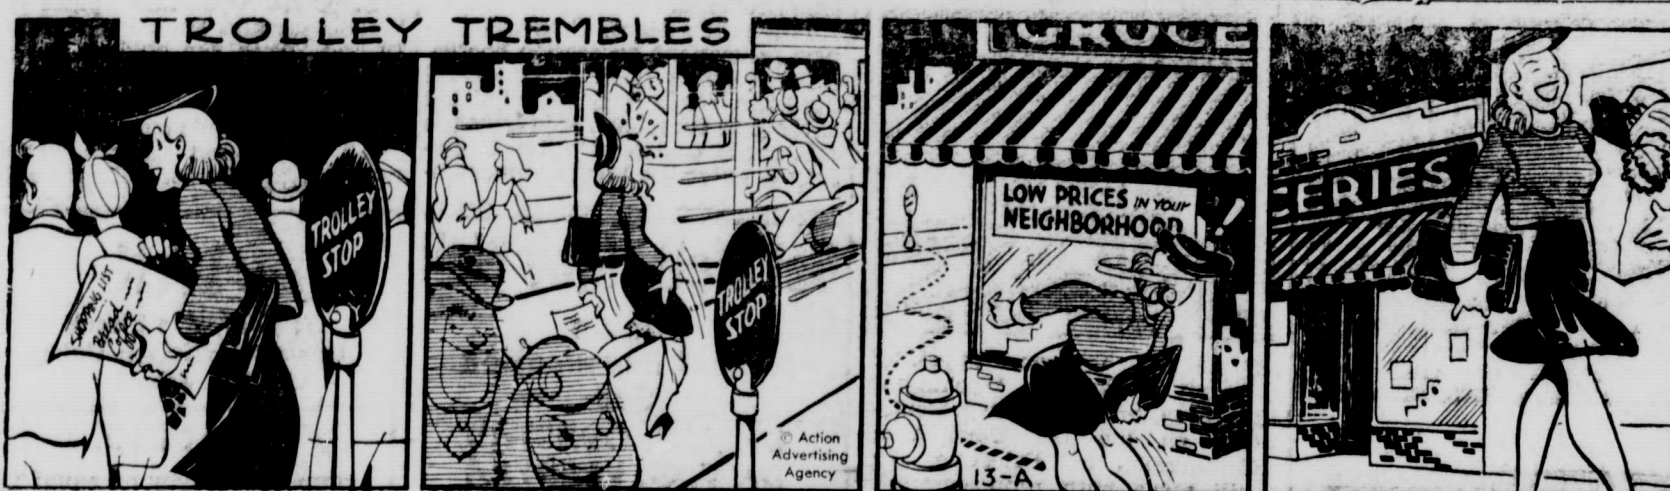

APPLY BRAKES GENTLY

Quick, positive braking means locked wheels and locked wheels, slide, cautions the public safety department of the National Automobile Club. Sudden application of the brakes and consequent sliding of the tires is a costly practice on a dry road, but when the roadway is wet and slippery it is a practice that may end in disaster.

INSIST ON TEST RIDES

One of the most effective ways

of seeing that the repair service one gets on the car is satisfactory is to take a ride with one of the shop's testing crew before an after the work is done, advises the National Automobile Club. The first ride enables the car owner to get across his ideas of what is wrong. The second permits him to determine just how well it has been made right. More and more service establishments are coming around to this point of view.

For "Trolley Trembles"

You, too, can avoid "Trolley Trembles." You, too, can save money on your food bills. The solution — shopping HERE where low shelf prices are in effect today and every day.

Answers to TEST YOUR I. Q.

1. Three: China, India and Russia.
2. English, French, Russian, Chinese and Spanish.
3. Graupel is a combination of sleet and frozen rain.
4. Lake Mead, on the Arizona-Nevada border. It was created by Hoover (Boulder) Dam.
5. "King George can read that without his glasses."

Post Office Reports December Receipts A 'Record' --- 'High'

Post Office receipts again climbed to a record in December over the same month in 1947. Acting Postmaster John F. Fixa announced recently.

Stamp sales were \$3,403,608.78, an increase of 45.9 per cent over 1947.

There were 56,280,900 letters which originated in the San Francisco Post Office, an increase of 13.5 per cent over the same month last year and 2,050,009 parcels were processed, an increase of 5.1 per cent.

The postmaster pointed out that during the month of December 1948, 1,891,747 pieces of parcel post and 40,478,200 letters arrived in the San Francisco Post Office from other post offices for local delivery.

Atomic Energy Project Gets Lop-Eared Rabbits

A pair of English lop-eared rabbits is the newest addition to the animal collection of the Atomic Energy Project of the University of California at Los Angeles.

The rabbits get their name from their large (eight inches long) floppy ears, which have a minimum of cartilage and which the rabbits are unable to raise. The structure and size of the ears make them valuable for general cardiovascular (blood vessels and heart) research.

The Atomic Energy Project will use the animals specifically for studying the effect of radiation on capillaries, which are readily observable in the rabbits' large ears.

Huge Windmill

The tower of the first Dutch windmill in San Francisco's Golden Gate Park is 75 feet high, its concrete foundation walls three feet thick at the base, and the blades measure 102 feet from tip to tip.

Women of Moose Plan Open Initiation

An open initiation will be held January 19 by the San Francisco Chapter No. 739 Women of the Moose at the Moose Hall, 3053 16th street.

The candidate for the Girl of the Golden West which will be featured at the national conference in August will also be picked. The girl chosen will first be sent to Salinas for the mid-winter conference in February to compete with representatives of other California chapters.

A meeting will be held January 23, with Kathleen Smith in charge. All officers and committee chairmen should be present.

TEST YOUR I. Q.

1. How many countries of the world have a larger population than the U. S.?
2. What are the five official working languages of the UN General Assembly?

3. What is a graupel?
4. What is the world's largest man-made lake?
5. What did John Hancock say when he put his signature to the Declaration of Independence?

S.F. Seeks O.K. For Parking Authority

The San Francisco board of supervisors has asked the San Francisco delegation at Sacramento to present to the Legislature a bill to permit creation of a Parking Authority for the city.

The bill, as drawn, would permit the mayor to appoint a five-man authority which would have the power to build and lease parking garages, condemn land needed for parking facilities, and issue its own revenue bonds. Existing State law would be changed to allow the proposed authority to lease up to 25 per cent of a public garage building for commercial purposes such as shop and office space.

The measure also would allow the authority to regulate privately-owned parking facilities only with approval of the board of supervisors.

STRICTLY FRESH

A JUDGE declared that it is illegal for a woman to go through her husband's pockets while he is sleeping. These days, it's also futile.

Dice alleged to be 1500 years old were unearthed in an old Indian mound in the west. Apparently even the redskin's papoose needed a new pair of moccasins occasionally.

Headline: "Italy's Largest Battleship Seized for Debts." Pity the poor finance company man who has to pick that one up.

Mr. Vishinsky seems pretty determined to make Russia "NO" man's land.

The British Colonial Office says that three per cent of the British people think the United States is still one of the colonies. Maybe our American style of propaganda isn't as effective as we think.

PRINTING WEEK

In Honor of
BENJAMIN FRANKLIN

JANUARY 16-22

Printing anticipates the future, voices the present, and records the past. It works for the rich and poor—to entertain, to instruct, to encourage. It is a salesman, a financier, a preacher, a teacher; it is a soldier.

Ex-Colma Resident Dies In Accident

A fast-moving Southern Pacific commute train demolished a truck and killed the driver, a lumbermill worker formerly of Colma, in a collision at the Nineteenth avenue crossing in South San Mateo last Saturday morning.

The victim, Joseph C. Staedler, 48, of Mountain View, was a member of the Daly City Lodge of Eagles until he moved a year ago. He is survived by his wife Bertha, a son, Joseph C. Staedler Jr., now living in Baker, Oregon, a brother in Caldwell, Idaho, and his father in Switzerland.

Staedler's body will be sent to Nampa, Idaho, for interment.

The fatal accident involved the same train, No. 137, that smashed into another truck at the Hillside avenue crossing last month and killed the driver, Clayton P. Hiner, 25, of San Francisco.

Staedler was the county's third traffic victim this year.

Trainmen and passengers said they were unaware the train had struck anything until parts of Staedler's 15-year-old International pickup flew past the windows. Apparently Staedler did not observe the wigwag signals or else he attempted to make it across ahead of the train, police said. He was nearly decapitated and was thrown more than 60 feet by the impact. Parts of the truck were strewn along the right-of-way for several hundred feet.

FOR SAFE VISION

With the rainy season at hand, motorists are reminded to make sure, for safety's sake, that the windshield wiper is operating efficiently. A defective windshield wiper not only increases the highway hazard, but violates the Vehicle Code, which specifies that every automobile must be equipped with a self-operating windshield wiper in good operating condition.

SAFE HEADLIGHTS

For night driving, correctly adjusted automobile headlights are essential to safety. Officers of the California Highway Patrol are authorized to stop any driver in order to inspect and test the car's lights.

The first recorded victim of a submarine was the U.S.S. Housatonic, attacked by the Confederates while off Charleston, S. C., on February 17, 1864.
